

In response to your letter dated August 28, 2007 relative to the 2007 July 15 quarterly report, the committee has today filed an amended July quarterly report providing occupation and employer information for additional contributors received since the original filing of the report. The committee's procedures include a notice on its internet contribution page, and in its written solicitations for contributions that federal law requires any contributor who contributes more than \$200 in the aggregate during the election cycle to Kucinich for President 2008 to provide the name of their employer and their occupation. If such information is not received, the committee follows up with a request for such information by email, if available, or by letter.
